MS-1500 Modular Stacker with 6H Conveyor

Option: 8H or 10H Conveyor Length

See the Stacker with Index Conveyors options on our "Youtube" movie running.

MS-1500 Modular Stacker

The **MS-1500** attaches to the exit of the **EZ-Fold 2000** or **2000-S** models and allows for **Programmable Stack and Index count** of any automatic folded product mix.

Layout- The standard **6-H Long Index Conveyor** can be oriented **Inline** or at **90 degrees** (right or Left) from the **MS-1500**. Longer Index Conveyors can be ordered. (6' or 8' or 10' Lengths).

Products can be returned to loading operators for the next finishing process step or progress down stream for bagging/boxing operations.
